NICOLÁS PRTENJACA

FULL STACK DEVELOPER

ABOUT ME

Full Stack Developer focused on Frontend development with experience working on creating intuitive and aesthetic user interfaces using React, Redux, SASS, Tailwind, NPM, Webpack and Typescript. I have a good eye for pixel-perfect design, keeping in mind to be responsive and I like my code to look equally intuitive and organized.

PROJECTS

Final project - Henry Bootcamp 🌐

Group creation of an E-commerce for the purchase of movie tickets and food. Agile development, with one-week sprints and presentations to a Product Owner belonging to the staff.

Videogames - Henry Bootcamp 🌐

Creation of a video games app, bringing them from an API and a database. It allows you to search them, filter them, sort them, view their details and create new games. Final presentation with live coding to a staff member.

EXPERIENCE

Frontend Dev — Hurón Games — 2021 - Finished

Group work with a real client for finishing top 10 in CoderHouse. Sprints every 2 days. Responsive and pixel-perfect layout with Bootstrap and JQuery.

Digital Designer — Freelance — 2019 - Current

Performing work for different clients who needed to give an image and aesthetics to their songs / albums / events. Define work methodology, number of revisions and delivery times with the client.

Administrative — Sales Fundation — 2018 - Current

I started working as a cadet mailing packages, doing inventories, assisting my colleagues in the office. And now for 3 years I've been helping with donor services by updating the database.
