Full Stack Developer focused on Frontend development with experience working on creating intuitive and aesthetic user interfaces using React, Redux, SASS, Tailwind, NPM, Webpack and Typescript. I have a good eye for pixel-perfect design, keeping in mind to be responsive and I like my code to look equally intuitive and organized.

TECHNOLOGIES

HTML - CSS - SASS - Bootstrap - Tailwind - Javascript - JQuery - Typescript - React - Redux - Node - NPM - Express - PostgreSQL - Sequelize - GitHub

PROJECTS

Full Stack Web Developer - Cinema Time App
Henry Bootcamp

- Group creation of an E-commerce for the purchase of movie tickets and food.
- In charge of UI development using BEM, pure CSS, React and Redux.
- Agile development, with one-week sprints and presentations to a Product Owner belonging to the staff.
