PROJECTS

Final project - Henry Bootcamp

Group creation of an E-commerce for the purchase of movie tickets and food. Agile development, with one-week sprints and presentations to a Product Owner belonging to the staff.

Post It

Twitter clone with user login, edit profile and publish posts. Soon you will be able to see posts from other users and like them. Made with react, redux, tailwind and firebase.

EXPERIENCE

Frontend Dev — Freelance | 2021 - Current

Web development with agile methodologies, working with designers being pixel-perfect and mobile-first.

Digital Designer — Freelance | 2019 - 2022

Performing work for different clients who needed to give an image and aesthetics to their songs / albums / events. Define work methodology, number of revisions and delivery times with the client.

Administrative — Sales Fundation | 2018 - Current

I started working as a cadet mailing packages, doing inventories, assisting my colleagues in the office. And now for 3 years I've been helping with donor services by updating the database.
