MATÍAS NICOLÁS PRTENJACA

FRONTEND DEVELOPER

ABOUT ME

I started my path in IT by entering systems engineering at UTN, where I learned about logic.
Then I decided to go to the tertiary of design and web development at Da Vinci, which gave me a great aesthetic look and laid my foundations as a designer. Now I mix logic and design to focus on the front end.

TECHNOLOGIES

Redux	Node
React	Express
JQuery	PostgreSQL
Javascript	Sequelize
Tailwind	GitHub
Bootstrap	Photoshop
SASS	Illustrator
CSS	After Effects

OTHERS

English - B1 (Intermediate)
I like skateboarding and padel :)

EXPERIENCE

Administrative
Sales Fundation | **5 years**

I started working as a cadet mailing packages, doing inventories, assisting my colleagues in the office. And now for 3 years I've been helping with donor services by updating the database. I also help with the administration of invoices and expenses.

Digital Designer
Freelance | **1 year**

Performing work for different clients who needed to give an image and aesthetics to their songs / albums / events. It taught me how to deal with a client and have well defined work and deadlines.

STUDIES

Full Stack Dev
SoyHenry | *March 2022 - September 2022*

Front End Dev
CoderHouse | *May 2021 - October 2021*

Web Design
Da Vinci School | *August 2016 - December 2019*

PROJECTS

CINEMA TIME
TOOLS: React, Redux, CSS, MaterialUI, Sequelize, Express, PostgreSQL.

Group work using agile methodologies with github and trello. My main task was the development of the UI from the user side, making it simple and intuitive

TO DO APP
TOOLS: React, LocalStorage, SASS, Material UI.

To-do list app, you can add them, mark them as finished, delete them, filter them by done or not done and sort them as you like.

All my projects are in my portfolio
